

ACCESS EXCELLENCE

a better level of service, support, & product

Headquartered in the United States, Galaxy Control Systems has been serving the access control industry for over 30 years. Since our hardware and software is developed in-house, we offer our integration partners an unmatched level of:

WARRANTY

Unconditional
to cover accidental damage

TECH SUPPORT

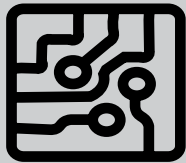

Free & 24/7

DEALER TRAINING

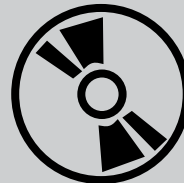

Free at corporate
headquarters

The end-to-end control of our products ensures an extremely long shelf life. While other vendors are constantly sunsetting their software and hardware support, we are still supporting ours.

HARDWARE

12 years
continous
development

SOFTWARE

19 years
continuous
development

WHERE WE SUCCEED

Government (GSA)

Healthcare

Education

Commercial

Commercial Real Estate

Finance

Energy

Are you interested in a cloud access control solution? Galaxy's Cloud Concierge has been received with a lot of excitement by our integration partners.

WHY CONVERT TO CLOUD

Mobile apps

Reduce cost per project

Access from anywhere

Free Backups

Quicker installs

No software installation

Automatic software upgrades

Quicker sales cycle

No server installation
